Children have suffered head injuries, including skull fracture after falling with or from booster seats.

- Check that the booster seat is securely attached to adult chair before each use.
- Always use restraints until child is able to get in and out of booster seat without help. Adjust to fit snugly.
- Never allow child to push away from table.
- Never lift and carry child in booster seat.
- Stay near and watch your child during use.
- Prevent serious injury. Do not use in motor vehicles.
- Until child is able to get in and out of the booster seat without help (about 2 1/2 years old), the child should be secured in the booster seat at all times by the restraining system.
- The tray is not designed to hold the child in the chair.
- This booster seat is intended to be positioned on an adult chair to raise the sitting position of a child able to sit unaided up to an age of 36 months or a maximum weight of 33 lbs.
- Minimum dimensions of the adult's chair seat: 13.6inch*13.6inch.
- Minimum height of the adult's chair backrest: 8.5inch.
Washing instructions: Wipe only, do not use etchants and bleach.

- To protect baby from accidental injuries, check to make sure that the seat is mounted properly. Check frequently.
- Booster seat cloth cannot be dipped. Please clean cloth cover with a brush directly. Please use neutral detergent for other parts. After cleaning, dry in a dry and ventilated environment.
- Check booster seat at regular intervals to see if any screw is loosened and if any parts are damaged. Please replace when they are damaged.
- Do not use accessories or replacement parts other than those approved by Dream On Me.
- Ensure that all the locking devices are engaged before use.
- Before use, ensure that the 2 straps are tighten.
- Do not let the baby climb out of the restraint system or stand on the seat.
