3 in 1 BABY WALKER AND ROCKER

item: #410

Care and maintenance
- To prolong the life of your baby walker and rocker, wash the cotton pad in the direct sunlight for extended periods of time.
- Remember fabric cannot be washed and should be aired until dry. Wash with warm water with household soap or mild detergent. Allow it to dry fully, preferably in the sun.
- Clean all parts regularly, using warm water with household soap or mild detergents to maintain cleanliness.
- Do not put the product in the dishwasher as this will damage the plastic parts.
- Check security sections regularly for looseness, nuts and other fasteners. Tighten if required.
- To maintain the safety of your rocker, seek prompt repair for any tears, worn, or broken parts. Use only parts with matching numbers and fit to your Dreamy car.
- This rocker comes with a 3 year warranty for manufacturing defects in material and assembly.

WARNING
Before assembling the walker read the provided instructions. Incorrect assembly may make the rocker unstable. Do not put the rocker in parts in a freezer, box, or in a container. Keep these instructions in a safe place.

1. INSTALLING THE SIDE MIRRORS
- Insert the mirror(s) into the desired circular button(s) on the upper tray(s) as the arrow indicated. (Pay attention to the left and right directions when installing.) Ensure the mirrors can turn 360° rotation in two directions.

2. INSTALLING THE PREVENT OVERTURN POLES
- Insert the prevent overturn pole(s) into the upper tray of the prevent overturn hole(s) as the arrow indicated and align the holes into the buttonholes.

3. INSTALLING FRONT AND REAR LEGS
- Turn upper tray up side down, align front and rear legs into the upper tray slots until they click into place.

ASSEMBLY CONTENTS:
- 2 mirrors
- 1 front leg frame
- 1 rear leg frame
- 1 rear leg base

ADJUST THE HEIGHT OF THE BABY WALKER
- Open the safety lock and push in, press circular button on the leg(s), and pull up pole up to the desired position. (Cautions: When raising or lowering walker, always make sure the three legs adjust the same position at a time. Then don’t forget to move the safety lock down, and hold the lock. (Cautions: After adjust the height, be sure to make sure the safety lock completely lock the clump.)

ACTIVATING AND DISENGAGING ROCKING FUNCTION
- Actuating: Use the finger to pull the button(s) as the arrow indicated, at the same time, turn the whole right side of the base frame downwards until the legs are in the position underneath the front position. Repeat previous step for the left leg side of the base frame, please refer to diagram.
- Disengaging: Reverse previous step, lock position of legs by pushing down the locking knob located at the sides of base frame. (Cautions: When raising or lowering walker, always adjust one position at a time.)

INSTALLING TOY TRAY AND BATTERIES
- Gently remove the toy tray from the upper tray. Use the screwdriver to remove the battery cover. Install (AA) alkaline batteries with connected polarity. Reinstall and screw the cover back to the top tray.
