Thank you for choosing Dream On Me and congratulations on joining The DOM Family, a family that has been transforming lives for 30 years! We appreciate your feedback and wish you the very best in the coming years with your new addition. If you have any questions or concerns please don’t hesitate to reach out and a trusted DOM representative will assist you. Thank you again for entrusting us to supply you with the safest, functional and affordable baby products and accessories. Feel free to follow us on Facebook and Instagram for further opportunities and offers.

1) Never force mechanisms or moving parts. If you are not sure about what to do, please refer to the instructions.
2) Clean plastic and metal parts with a damp cloth or a light detergent. Clean safety rubbers regularly to maintain stopping performance. Do not use solvents, ammonia or petrol.
3) Regularly check unit to ensure that no parts are loose or broken.
4) Clean the rubber pads regularly to maintain stopping performance.

This baby walker should be used only for short periods of time (e.g. 20min).
Do not use replacement parts other than those approved and provided by Dream On Me.

Never leave child unattended. Always keep child in view while in walker.
Use only on flat surfaces, free of objects that could cause the walker to tip over.
To avoid burns, keep the child away from hot liquids, ranges, radiators, space heaters, fireplaces, etc.
Each walker is labeled with a separate stairs warning visible to the consumer when placing the child in the walker.

The product must be assembled by an adult.

Read the instructions carefully before use and keep them for future reference. The child may get hurt if you do not follow these instructions.

2. Assembling the handle bar

Insert the handle bar into the mounting holes of the walker body in place as shown in Fig 2 until it is locked. (Note: The direction of the armrest should be in line with Fig 2.)

Fig 2

3. Unfolding the frame

Turn the walker body over. Lift and unfold the walker body by pulling up the handle. Rotate it to the position as shown in Fig 4 until you hear a “click”, which means that the walker has locked into place. Please check and make sure that the walker locks into position before use.

Fig 3
Fig 4

4. Unfolding the backrest

As shown in Fig 5, lift up and pull back the backrest until it “clicks” into position.

Fig 6

5. Instruction for the rear wheel knob

(For walk-behind model only)

Insert the rear wheel knob into the mounting hole of the rear wheel until it is locked tightly. Turn the knob to loosen or loose to control the walk speed. The rear wheel knob needs to be removed when the product is switched back into the walker model. Turn the knob counter-clockwise to loosen and pull off.

Fig 7
Fig 8

6. Adjusting seat cushion height

As shown in Fig 8, change the length of the ribbon in front of the cushion to adjust its height.

Fig 8

7. Function switching

• Switch to walk-behind function: As shown in Fig 9, wiggle the lock buckle as shown by the arrow and lift it up outward to remove the seat ring. Next, remove the cushion to allow the walker to be used in it’s walk-behind function by having your baby can walk holding the handle bar.

Fig 9
Fig 10

• Switch to walker function: As shown in Fig 11, insert the seat ring into its locking holes on the frame and press it down as the arrow shown in Fig 12 until they “click” into position and are locked tightly.
