MAINTENANCE & CLEANING:

Please check and maintain the bassinet regularly to make sure your baby away from accident.

The adult must check the bassinet and make sure for safe at every time.

Please use the soft and dry cloth or sponge to clean the bed, do not use the alkaline or acidic water to wash the bassinet to avoid the water corrode the iron pipe or hardware.

Do not use or keep the bed in a wet, cold or high temperature environment for a long time.

Please use the brush or other clean tools to clean the splotch on the cushion.

⚠ WARNING

- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.

⚠ WARNING

- If a sheet is used with the pad, use only the one provided by the bassinet manufacturer to fit the dimension of the bassinet mattress.

⚠ WARNING

- Strings can cause strangulation!
- DO NOT place items with a string around a child's neck, such as hood strings or pacifier cords.
- DO NOT suspend strings over a bassinet or cradle or attach the strings to toys.

⚠ WARNING

- Failure to follow these warnings and instructions could result in serious injury or death.
- FALL HAZARD - To help prevent falls, do not use this product when the infant begins to push up on hands and knees or has reached 25 lbs weight or up to approximately 3 months, whichever comes first.

⚠ WARNING

SUFFOCATION HAZARD!

Infants have suffocated:

- In gaps between an extra pad and side of the bassinet.
- On soft bedding.

Use ONLY the pad provided by manufacturer. NEVER add a mattress, pillow, comforter, or another mattress for padding.

▲ WARNING

Please follow all of these instructions to ensure the safety of your child. Failure to follow these instructions could result in serious injury or death. Retain these instructions for future reference.

- Please read all instructions before using the bassinet.
- Never leave child unattached.
- Keep fingers (yours and baby's) away from hinges when opening or closing the bassinet. Be certain the bassinet is locked in the open position before allowing your child near the bassinet.
