Multifunctional Nursing Chair

* Parts

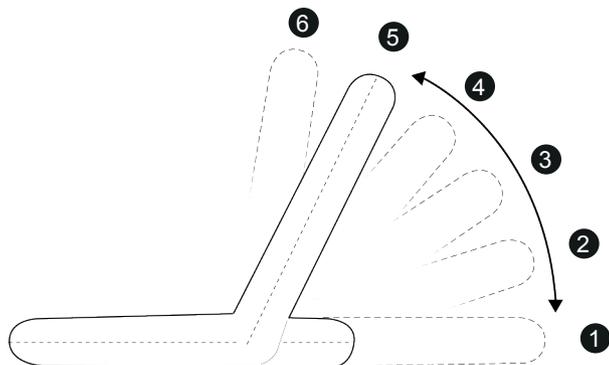

* Usage method

Back five adjustment

The adjusting method of the backrest is shown in the following figure.

Adjust the position of the feeding chair ① up to ② ③ ④ ⑤ and start using it.

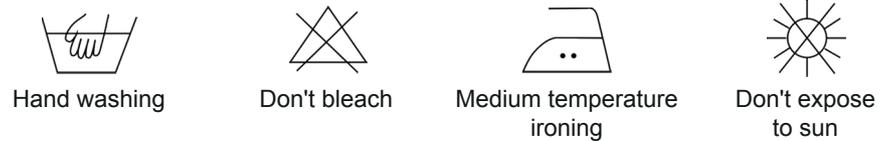

When not in use, adjust the backrest position to ⑥ and reset to position ① for horizontal storage.

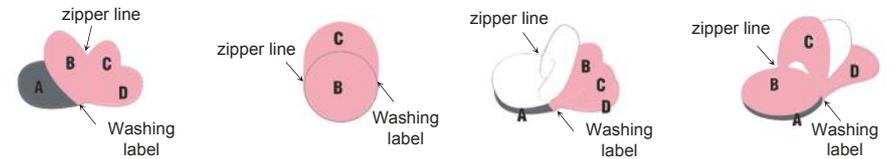

* You need to know these

1. How to dismantle the seat covers?

First put the chair flat to 180 degrees, zipper zipper a circle, and then erect the back of the chair, the cloth cover can be disassembled, machine washable (inner core can not be washed, can not be exposed to the sun, in order to avoid affecting the sponge elasticity)

2. How to install cloth covers?

The cloth is paving flat, A and B are the same size, C and D are the same size.

As shown in the picture, the cloth will be paved and the needles lined. The washing label are on the right, and the zippers are on the left.

Adjust the chair to 90 degrees and put it on top of A.

Pass B and C through the middle of the chair. The B covers the seat cushion position of the chair. The C covers the back position of the chair. Pull up the zipper and you're done.

3. What matters should be noticed when using?

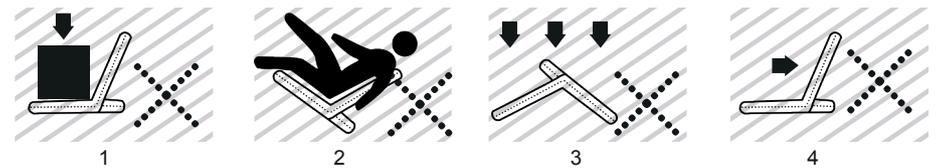

Photo 1: Do not use heavy objects for long time on chairs when not in use.

Photo 2: Do not use the above sitting posture.

Photo 3: Do not put the chair upside down.

Photo 4: When the chair is fixed, do not push forward or push back the chair back.
