Read all instructions before assembling and using the product.

IMPORTANT - Keep instructions for future use.

BASSINET

⚠ WARNING

Failure to follow these warnings and the instructions could result in serious injury or death.

FALL HAZARD - To help prevent falls, do not use this product when the Infant begins to push up on hands and knees or has reached 25lbs weight or up to 5 months, whichever comes first.

SUFFOCATION HAZARD!

Infants have suffocated:

- In gaps between extra padding and side of the bassinet/cradle, and
- On soft bedding.

Use **ONLY** the pad provided by Dream On Me.

NEVER add a pillow, comforter, or another mattress for padding.

To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician. If a sheet is used with the pad, use only the one provided by Dream On Me to fit the dimensions of the bassinet mattress.

Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a bassinet or attach strings to toys. **NEVER** leave child unattended, allowing your child near the bassinet.

WARNING

**ASSEMBLE PRODUCT ACCORDING
TO MANUFACTURER' S INSTRUCTIONS
FOR ANY USE MODE—BEDSIDE
SLEEPER AS WELL AS THE BASSINET
OR PLAY YARD MODES, OR BOTH.**

AVOID SUFFOCATION HAZARDS

- Baby can suffocate in gaps between a mattress too small or too thick and product sides and on soft bedding.
- NEVER add a mattress, pillow, comforter, or padding to product.
- If a sheet is used, only use a fitted sheet that tucks at least 5cm under the floor pad on all sides to avoid entanglement.
- Never leave child in product with any side lowered. Be sure all sides are raised and locked into position whenever a child is in the product.
- Never use plastic shipping bags or other plastic film as mattress covers not sold and intended for that purpose. They can cause suffocation.
- Never use a water mattress with this product.

AVOID STRANGULATION HAZARDS

- Strings can cause strangulation! Never place items with a string around a child's neck such as hood strings or pacifier cords.
- Never suspend strings over product or attach strings to toys.
- When child is able to pull to standing position, remove large toys, and other objects that could serve as steps for climbing out.
- Never suspend strings into the play yard.
- Child in play yard must be under supervision at all times.
- Never place the play yard near a window where cords from blinds or drapes can strangle a child.

BEDSIDE SLEEPER

⚠ WARNING

- Always use ALL required parts for each use mode in bassinet or bedside sleeper.
- Always read and follow assembly instructions for each product use mode (bedside sleeper or bassinet).
- Check instruction manual for a list of required parts. Periodically check product for loose, damaged, or missing parts.
- A bedside sleeper is designed to provide a sleeping area for an infant until he or she begins to push up on hands and knees or reaches approximately 5 months of age. Move your child to another sleeping product when your child reaches this stage.
- This bedside sleeper is designed for use only with adult beds that are between 19 and 24 inches from floor to top of adult mattress.
- Mattress, box spring, and bed frame must share the same width. The product cannot attach to the adult bed if the frame is bigger than the box spring.

**ACCEPTABLE BED FRAME
IN-LINE**

**MATTRESS, BOXSPRINGS &
FRAME ALIGNED**

**UNACCEPTABLE BED, MATTRESS,
BOXSPRING & FRAME NOT IN-LINE**

FRAME EXTENDED

⚠ WARNING

- **Entrapment Hazard** — To prevent death from entrapment, bedside sleeper must be properly secured to adult bed using the connecting belts.

- (1) There must be no more than 1/2 inch(13mm) gap between bedside sleeper and adult bed.
- (2) Check tightness before each use by pulling bedside sleeper in the direction away from adult bed
- (3) If gap exceeds 1/2 inch(13mm). DO NOT use product.

Do not fill the gap with pillows, blanket or other items that are suffocation hazards.

Notice for using connecting belts:
Fasten the belts and put the boxspring back.

- The connecting belt (attachment system) must always be used and properly secured to adult bed by tightening the connecting belt while using in bedside sleeper mode.

⚠ WARNING

- To avoid death from the infant's neck being caught on the top rail on the side that is next to the adult bed, the top rail must be no higher than the adult bed mattress.

CORRECT

THE TOP RAIL LOWER THAN THE ADULT BED MATTRESS.

WRONG

THE TOP RAIL HIGHER THAN THE ADULT BED MATTRESS.

- Below parts are required for bedside sleeper, DO NOT use bedside sleeper if any parts are missing, damaged, or broken. Contact Dream On Me for replacement parts and instructional literature if needed. DO NOT substitute parts.

Bedside sleeper frame, including cover

Connecting Belts 2pcs

Mattress pad

Maintenance and Care

To clean, use only mild household soap or detergent and warm water on a sponge or clean cloth.

Check product for loose screws, worn parts, torn material or stitching on a regular basis. Replace or repair parts as needed.

Discontinue use of the bedside sleeper should it malfunction or become damaged or broken. Please contact Dream On Me for repair or to obtain replacement parts.

PARTS LIST

Please check to make sure that all of the following parts are included in the box when opened. If there are any missing parts, please contact Dream On Me before using the product.

Assembling the bassinet

Step 1

Connect the side frames to the support bar and click them into place.

Step 2

Insert the bassinet into the side frames until they click into place

Step 3

1. Insert the bassinet support into the bassinet sleeves.
2. Insert the bassinet support into the locks underneath the bassinet until they lock and click into place.

WARNING:

THE BASSINET SUPPORT SHOULD NOT BE EXPOSED WHEN PROPERLY INSTALLED.

Step 4

There is a D ring with A buckle under the bassinet frame to connect with the B buckle on the PP strip. Please fasten it. Please connect the A velcro with B Velcro and fix on the frame at the same time

WARNING:

You MUST undo and release the velcro before adjusting the product height.

Step 5

1. Lift up the front support bar and put into the place with a "Click"
2. Place the mattress pad into the bassinet with the pattern side up

Bassinet Functions

Height Adjustment

The bassinet can be adjusted to 5 different height positions. To adjust the height:

- a. Press the second safety lock, and lift up the first safety lock.
- b. Lift or lower the bassinet to the desired height.
- c. Repeat a and b for another side.

WARNING: The two height for both sides of the bassinet **MUST** be the same height. (e.g. If the right leg in position 1, then the left leg must in position 1 as well).

To Switch to Bedside Sleeper Mode

Step 1

1. Open the zipper
2. Slide the release button to open the front side of the bassinet.

Step 2

Fasten the connecting belt buckles around the frame of the adult bed.

Step 3

Fasten the connecting belt buckles on the side of bedside sleeper.

1. Insert the connecting belt into the fixed straps on both sides of the bassinet.
2. Fasten the buckles until they lock into place with a 'click'.

Step 4

1. Adjust the height of bassinet as explained on page 9.
2. Tighten the connecting belts.
3. PLEASE ADHERE TO ALL OF THE WARNINGS IN THE BEGINNING OF THE MANUAL.

Note: Make sure that the buckles are securely fastened when using the bedside sleeper.

WARNING

The connecting belt (attachment system) must always be used and properly secured to adult bed by tightening the connecting belt while using in bedside sleeper mode.

ATTENTION

After fixing the Bedside Sleeper, please try to pull on the Bedside Sleeper to ensure that the gap between the Bedside Sleeper and the adult bed does not exceed 13mm, if it is more than 13mm, readjust the adjusting buckles on the connecting belt.

Before using the Bedside Sleeper, please check whether the connecting belt has been tightened.

When the Bedside Sleeper is connected to the adult bed, the lifting rail of the bassinet must be at the lowest position, and the height shall be lower than the adult bed to avoid the baby falling off of the bedside sleeper.
