BASSINET

⚠ WARNING

Failure to follow these warnings and the instructions could result in serious injury or death.

FALL HAZARD - To help prevent falls, do not use this product when the Infant begins to push up on hands and knees or has reached 25lbs weight or up to 5 months, whichever comes first.

SUFFOCATION HAZARD!

Infants have suffocated:

- In gaps between extra padding and side of the bassinet/cradle, and
- On soft bedding.

Use **ONLY** the pad provided by Dream On Me.

NEVER add a pillow, comforter, or another mattress for padding.

To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician. If a sheet is used with the pad, use only the one provided by Dream On Me to fit the dimensions of the bassinet mattress.

Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a bassinet or attach strings to toys. **NEVER** leave child unattended, allowing your child near the bassinet.

AVOID SUFFOCATION HAZARDS

- Baby can suffocate in gaps between a mattress too small or too thick and product sides and on soft bedding.
- NEVER add a mattress, pillow, comforter, or padding to product.
- If a sheet is used, only use a fitted sheet that tucks at least 5cm under the floor pad on all sides to avoid entanglement.
- Never leave child in product with any side lowered. Be sure all sides are raised and locked into position whenever a child is in the product.
- Never use plastic shipping bags or other plastic film as mattress covers not sold and intended for that purpose. They can cause suffocation.
- Never use a water mattress with this product.

AVOID STRANGULATION HAZARDS

- Strings can cause strangulation! Never place items with a string around a child's neck such as hood strings or pacifier cords.
- Never suspend strings over product or attach strings to toys.
- When child is able to pull to standing position, remove large toys, and other objects that could serve as steps for climbing out.
- Never suspend strings into the play yard.
- Child in play yard must be under supervision at all times.
- Never place the play yard near a window where cords from blinds or drapes can strangle a child.

BEDSIDE SLEEPER

⚠ WARNING

- Always use ALL required parts for each use mode in bassinet or bedside sleeper.
- Always read and follow assembly instructions for each product use mode (bedside sleeper or bassinet).
- Check instruction manual for a list of required parts. Periodically check product for loose, damaged, or missing parts.
- A bedside sleeper is designed to provide a sleeping area for an infant until he or she begins to push up on hands and knees or reaches approximately 5 months of age. Move your child to another sleeping product when your child reaches this stage.
- This bedside sleeper is designed for use only with adult beds that are between 17.2 and 22.4 inches from floor to top of adult mattress.
- Mattress, box spring, and bed frame must share the same width. The product cannot attach to the adult bed if the frame is bigger than the box spring.
