CAUTION:

ANY MATTRESS USED IN THIS CRIB SHALL BE AT LEAST 27 1/4 BY 51 5/8 IN. WITH A THICKNESS NOT EXCEEDING 6 IN.

WARNING:

- Infants can suffocate on soft bedding. Never add a pillow or comforter. Never place additional padding under an infant.
- Failure to follow these warnings and the assembly instructions could result in serious injury or death. DO NOT use this crib if you cannot exactly follow the accompanying instructions.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.
- Strangulation Hazard: STRINGS CAN CAUSE STRANGULATION! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a crib or attach strings to toys. Strangulation Hazard: To help prevent strangulation tighten all fasteners. A child can trap parts of the body or clothing on loose fasteners.
- Strangulation Hazard: Do not place crib near window or patio door where cords from blinds or drapes may strangle a child.
- Fall Hazard: When child is able to pull to a standing position, set mattress to lowest position and remove bumper pads, large toys and other objects that could serve as steps for climbing out. This crib has an adjustable mattress support. For the convenience of the parent when the baby is very small, the mattress support may be used in the highest position. Important: with the mattress support and mattress in the highest position, be absolutely sure that the top of the front crib side is at least 3 inches higher than the top surface of the mattress. If it is not, lower the mattress support and the mattress to the next highest position.
- Fall Hazard: Stop using crib when child begins to climb out or reaches a height of 35in(89cm), whichever occurs first. The child should be placed in a youth or regular bed.
- Check this product for damaged hardware, loose joints, loose bolts or other fasteners, missing parts, or sharp edges before and after assembly and frequently during use. Securely tighten loose bolts and other fasteners. Do not use crib if any parts are missing, damaged or broken. Contact Dream On Me for replacement parts and instructional literature if needed. Do not substitute parts.
- Follow warnings on all products in a crib.
- If refinishing, use a non-toxic finish specified for children's products.
- Never use plastic shipping bags or other plastic film as mattress covers because they can cause suffocation.
- Infants can suffocate in gaps between crib sides and a mattress that is too small.
- Ensure a safe environment for the child by checking regularly, before placing the child in the crib, that every component is properly and securely in place.
- To avoid head injury, do not allow any child to play underneath the crib.
- Never add an accessory such as a bassinet or changing table that extends over the sleeping area.
- In Canada Only-Use a crib mattress that is no thicker than 15 cm and is of such a size that, when it is pushed firmly against any side of the crib, it does not leave a gap of more than 3 cm between the mattress and any part of the sides of the crib. Do not use this crib for a child who can climb out of it or who is taller than 90 cm.

TODDLER BED

WARNING:

INFANTS HAVE DIED IN TODDLER BEDS FROM ENTRAPMENT.

Openings in and between bed parts can entrap head and neck of a small child.

NEVER use bed with children younger than 15 months.

ALWAYS follow assembly instructions.

The maximum user weight is 50lbs(22.7kg)

WARNING

STRANGULATION HAZARD

NEVER place bed near windows where cords from blinds or drapes may strangle a child.

NEVER suspend strings over a bed.

NEVER place items with a string, cord, or ribbon, such as hood strings or pacifier cords, around a child's neck. These items may catch on bed parts.

CAUTION

ENTRAPMENT HAZARD

To avoid dangerous gaps, any mattress used in this bed shall be a full-size crib mattress at least 51 5/8 in (1310mm) in length, 27 1/4 (690mm) in width and 4 in (100mm) in thickness. The mattress thickness must not exceed 6 in(150mm).

NOTES ON ASSEMBLY:

- During the assembly process whenever using screws or bolts, check each by placing the screw/bolt on the diagram of the item which is drawn actual size and design. Be sure to use the proper size and shape specified in the instructions.
- To assemble this unit you may be required to place the unit on it's side and face. It is strongly recommended that assembly is done on a soft, non-abrasive surface to avoid damaging the finish.

NOTES ON USE:

Keep children and others safe by following these simple rules:

- **Do not** allow any child to play on furniture.
- **Do not** allow climbing on any piece of furniture.
- **Do not** allow hanging from any piece of furniture.
- Always monitor your child's activity when in the nursery.

NOTES ON CARE AND MAINTENANCE:

- **Do not** scratch or chip the finish.
- Inspect the product periodically, contact Dream On Me for replacement parts or questions.
- Do not store the product or any parts in extreme temperatures and conditions such as a hot attic or a damp, cold basement. These extremes can cause a loss of structural integrity.
- To preserve the luster of the high quality finish on your product, it is recommended to place a doily or felt pad under any items you place on the finish.
- Clean with a damp cloth, then a dry cloth to preserve the original luster and beauty of this fine finish.
- **Do not** use abrasive chemicals.
- **Do not** spray cleaners directly onto furniture.
- Lift slightly when moving on carpeting to prevent leg breakage.
- Use of a vaporizer near furniture will cause wood to swell and finish to peel.

ATTENTION!

Respecter les avertissements sur tous les produits du berceau.

L'assemblage par un adulte est nécessaire.

Les petites pièces peuvent présenter un danger d'étranglement avant l'assemblage.

Ci-joint s'il vous plaît trouver les instructions simples, étape par étape pour vous aider à assembler rapidement vos produits. Avant de commencer, nous vous recommandons de suivre les étapes ci-dessous:

1. Lire attentivement les instructions, s'il vous plaît.

2. Identifier toutes les pièces et le matériel.

3. Vous aurez besoin des outils suivants:

Tournevis tête phillips

Tournevis à tête plate

Marteau

Ne pas utiliser les perceuses ou pilotes

Pour protéger vos pièces lors de l'assemblage, placez-les sur une surface molle.

Pour nettoyer la surface, utiliser seulement l'eau et un chiffon humide.

Ne pas utiliser des nettoyants pour vitres ou des abrasifs de nettoyage car il va rayer la surface et pourrait endommager le revêtement protecteur.

Le non-respect de ces avertissements et instructions peut entraîner des blessures graves ou la mort.

Lisez toutes les instructions avant l'assembler du crèche, garder les instructions pour une utilisation future.

À l'issue de l'assemblée, assurez-vous que toutes les vis, les boulons et les dispositifs de fixation ont été bien serrés. Un contrôle fréquent doit être fait.

Ne jamais utiliser ce produit s'il y a des pièces desserrées ou manquantes, des joints lâches, des pièces cassées ou maille/tissu déchiré. Vérifiez avant le montage et périodiquement pendant l'utilisation. Contactez DREAM ON ME pour les pièces de rechange et des instructions, si nécessaire. Ne jamais substituer les parties, y compris le produit des rails latéraux, doivent être complètement érigé avant utilisation. Cesser d'utiliser le produit lorsque l'enfant est capable de sortir ou atteint la hauteur de 35 pouces (890mm).

Ne placez jamais ce produit près de la fenêtre où les cordons de stores ou rideaux peuvent étrangler un enfant.

Lorsque l'enfant est capable de tirer à la position debout, placez le matelas/base à la plus basse position de réglage et enlever les bordures de protection, les gros jouets et d'autres objets qui pourraient servir de marches pour grimper. Un enfant peut piéger les parties du corps ou les vêtements sur des fixations desserrées. Ne jamais utiliser de sac en plastique

de transport ou tout autre film plastique pour recouvrir le matelas non vendu et conçus à cette fin, ils peuvent provoquer la suffocation.

Les styles peuvent varier.

FURNITURE TIPPING DETERRENT HARDWARE

Tipping furniture may injure young children. Use of this tipping restraint hardware is highly recommended.

When properly instated this hardware could provide protection against the unexpected tipping of furniture due to improper use.

WARNING

This hardware is only a deterrent. Adult supervision is the only proper deterrent to prevent improper use of any potentially hazardous product.

1. Attach one of the mounting brackets securely to the back top edge of the furniture using the short screw.
2. Find the stud in the wall and mark the location on the wall for mounting the second bracket using a 2" wood screw approximately 2" below the bracket mounted to the edge of the furniture.
3. If a stud cannot be found, purchase a "Hollow-Wall Anchor Bolt" and attach the second bracket to the wall using that bolt. Make sure to follow all instructions by the manufacturer.
4. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
5. Lace an end of the nylon restraint strap down through each bracket. Bring both ends together and slide the beaded end of the strap through the key hole shaped slot in the other end tightly. Pull down on the beaded end until it snaps locks into the keyhole.
6. Check to make sure the strap is securely laced and locked to the brackets.

DISPOSITIF ANTIBASCULEMENT

Les jeunes enfants peuvent être blessés par des meubles qui basculent. Il est vivement recommandé d'utiliser ce dispositif antibasculement.

Correctement installé, ce dispositif offrira une protection contre le basculement inattendu du meuble provoqué dans les situations d'utilisation inadéquate.

MISES EN GARDE

Ce dispositif est seulement une protection. La surveillance d'un adulte est la seule méthode sûre d'empêcher l'usage inadéquate de quelconque produit hasardeux.

1. Sécurisez l'un des supports de montage sur la partie arrière du meuble, sur le bord supérieur. Utilisez la vis la plus courte.
2. Trouvez l'emplacement du montant sur le mur et marquez l'emplacement pour le deuxième support de fixation sur le mur en utilisant une vis à bois 2", à une distance d'environ 2" au bas du support de fixation (monté au bout du meuble).
3. En l'absence d'un montant, achetez un « dispositif d'ancrage pour mur creux » et utilisez-le pour attacher le support de fixation au mur. Assurez-vous de suivre les instructions du fabricant.
4. Placez le meuble de sorte que le support de montage à l'arrière du meuble est dans le prolongement du support de montage sur la paroi.
5. Passez l'extrémité de la courroie de rétention en nylon dans chaque attache. En prenant l'extrémité emboutie de la courroie, passez-la dans la fente en forme de serrure de l'autre bout en créant un nœud. Tirez sur l'extrémité emboutie jusqu'à ce que le mécanisme est verrouillé dans la fente en forme de serrure.
6. Assurez-vous que la sangle est bien fixée et verrouillée aux supports de montage.
